PRESENTATION OF THE MASTER IN

# Cybersecurity and Digital Forensic

## July 16, 2025  5:30 PM

**Terrazza Prati** *Via Plinio,44 - Roma*

On July 16 at 5:30 PM, the Guglielmo Marconi University will officially present the Level I Master's Degree in Cybersecurity and Digital Forensics: an advanced training program designed to prepare professionals capable of preventing, analyzing, and countering cyber threats through technical, regulatory, and investigative expertise.

### Introductory greetings

- **Prof. Luca Luigi Manuelli** – *Scientific Director of the Master in Cybersecurity and Digital Forensics and Director of the Generative Artificial Intelligence Observatory – Learning and Innovation Hub of the Guglielmo Marconi University.*

### Speakers at the event are industry experts:

- **Dr. Arturo Di Corinto** – *Advisor to the National Cybersecurity Agency (ACN), will present the institutional perspective on threats to national security.*

- **Prof. Lorenzo Allegrucci** – *board member of Italia Oggi, will analyze the role of media and communication in reporting cyber risks.*

- **Dr. Enrico Pizzoli** – *President of ANINSEI-Confindustria, will discuss the impact of cybersecurity on large industries and SMEs.*

- **Eng. Pasquale Russo** – *Academic Director of the CyberUp Institute, will provide a strategic and educational outlook on cyber skills development.*

- **Dr. Andrea Baggio** – *CEO of Reputation Up and data recovery specialist, will share practical applications and real-life case studies.*

- **Dr. Diego Tibaquirá** - *Point of Contact for the National Security Agency Center for Academic Excellence in CyberSecurity/CyberDefense (NSA CAE PoC) at Miami Dade College.*
